

Appl. No. : 09/787,356  
Filed : June 25, 2001

### REMARKS

The Substitute Specification has been amended to correct inconsistencies between the Formal drawings submitted October 5, 2004 and the Description. Specifically, Figure 11b as originally filed contained panels (a) and (b), the formalized Figure 11b was renumbered as 11B and 11C. The Specification is now in agreement with the correct numbering of Figure 11B and C. Additionally, typographical errors introduced with the Substitute Specification have also been corrected, support for such corrections can be found in the Specification as originally filed. A reference to Figure 11b was removed from the paragraph [0171] as erroneous. No new matter has been introduced by these amendments.

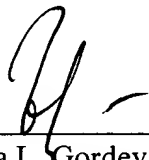

Applicant respectfully requests that this application is passed to issuance.

Respectfully submitted,
